

Live life with Finesse

Finesse
worktops

by Kronodesign®

K023 SU Venato | K2738 FP Torro Cremona Oak

Bring a touch of Finesse to the kitchen

The Finesse collection of kitchen worktops combines innovative technology with cutting edge design to create the surfaces that make your kitchen work. Ultra realistic woodgrains or stone across a choice of inviting textures means they look superb, but the quality and durability of construction means they are built to stay looking good for years to come. Reassuringly these worktops are sustainably manufactured and environmentally friendly, and come with a ten year guarantee for complete peace of mind.

Finesse.

The first choice in worktops

Round Edge

A versatile range of high-quality and durable worktops with a 3mm profiled round edge. The collection includes stone, concrete, and marble designs, as well as authentic woodgrains that will suit every kitchen, from contemporary to classic.

- Worktops:**
38mm x 3000mm x 600mm
38mm x 4100mm x 600mm
- Breakfast Bar:**
38mm x 4100mm x 665mm
38mm x 4100mm x 900mm
- Upstand:**
20mm x 4100mm x 100mm
- Splashback:**
10mm x 4100mm x 640mm

Square Edge

A comprehensive selection of sharp, clean-looking worktops with a square edge profile. From appealing woodgrains to stone, marble, and granite reproductions, these decors are sophisticated and practical and give you all the options you need to add an original touch to your kitchen.

- Worktops:**
38mm x 3000mm x 600mm
38mm x 4100mm x 600mm
22mm x 4100mm x 620mm
- Breakfast Bar:**
38mm x 4100mm x 665mm
38mm x 4100mm x 900mm
22mm x 4100mm x 900mm
- Upstand:**
20mm x 4100mm x 100mm
- Splashback:**
10mm x 4100mm x 640mm

Slim Line

A range of ultra-thin Slim Line worktops across 8 sophisticated designs, including the finest Italian Calacatta and bold marble monochromes, through to burnished slate and matt textured decors. The Slim Line collection offers you a fresh perspective and next-level durability for luxurious kitchen interiors.

- Worktops:**
12mm 4100mm x 650mm
- Breakfast Bar:**
12mm 4100mm x 950mm
- Upstand:**
12mm 4100mm x 100mm

Form and function with an added pinch of Finesse

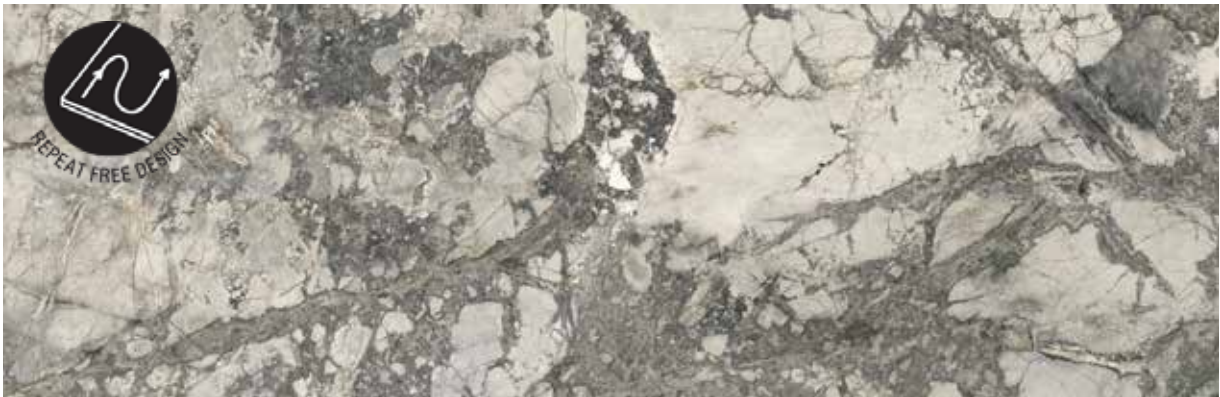

An exceptional range of beautiful and striking decors and textures; from character woodgrains to complex marbles, or subtle concrete effects, there is a Finesse worktop for every kitchen design. And dare we say it, the robust construction and ease of care means that for many people these engineered worktops are preferable to the product they mimic. Indeed, with stain, heat and water resistance built in, along with their inherent antibacterial properties, they are an immensely practical solution that also happens to look brilliant.

Repeat Free design for enhanced authenticity

Finesse Worktops are manufactured using advanced digital printing technology meaning that we can produce worktop decors without any repeat in the pattern across the full 4.1 metre length. With marble remaining ever popular in modern kitchen design, this feature brings an added dimension of authenticity to decors which is not available with other worktop ranges. Replicate these beautifully luxurious natural materials with ease, elevating your space, adding character and impact to any kitchen. For decors that feature Repeat Free Design look out for this icon.

Splashbacks 10mm

4100mm 640mm

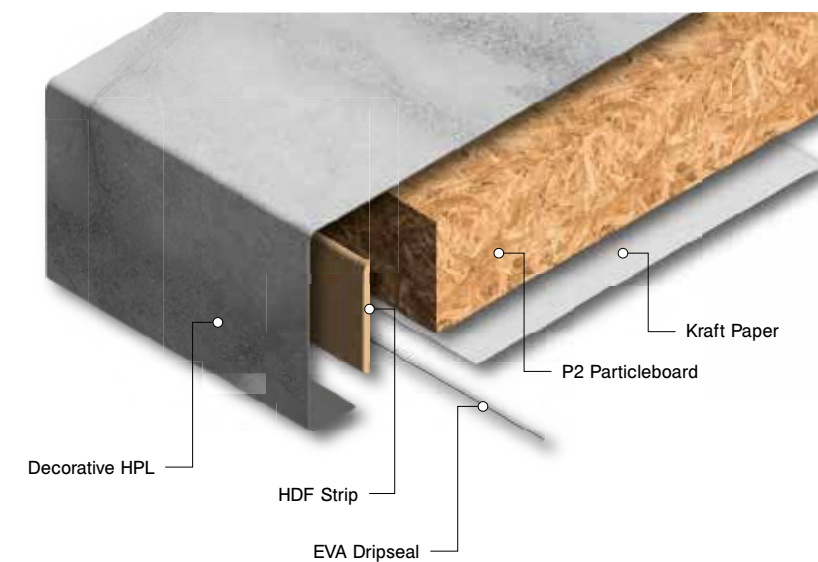

Please Note: Splashbacks are supplied double sided with an alternative design on the reverse.

K698 PN Nero Bronzo

Our Round Edge Worktops use raw P2 Particleboard covered with decorative High Pressure Laminate (HPL), and a special High Density Fiberboard (HDF) strip to strengthen the front edge and increase impact resistance.

Additionally, an EVA Dripseal is placed underneath the profiled edge along the entire worktop length, forming a drip barrier to keep out water. This provides extra protection in areas such as above a dishwasher where standard worktops are vulnerable to steam.

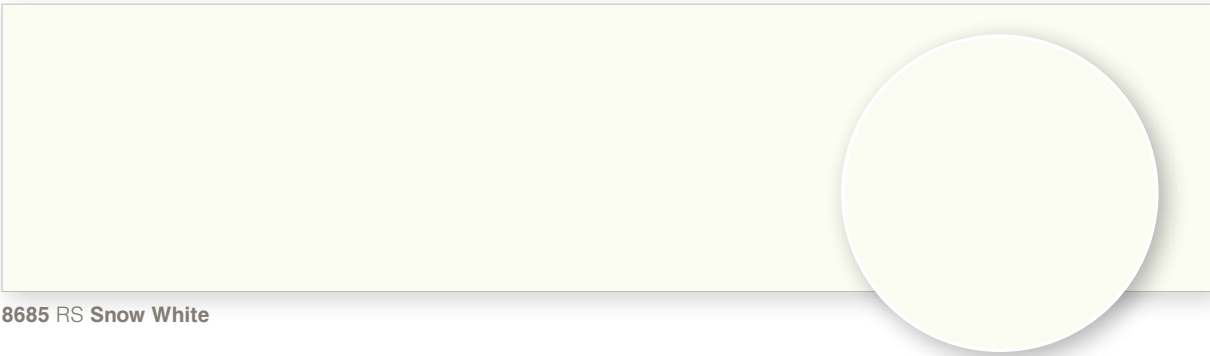

The slightly rounded 3.3 mm radius creates a U-shape profile, which is available on one long side for worktops and both long sides for breakfast bars.

Upstands 12mm

K023 SU Venato

Slim Line is a collection of 12mm compact worktops with a colour coordinated core, ideal for luxury kitchen designs. It comprises specially selected designs that bring sophisticated style to any kitchen.

All Slim Line products have improved resistance to abrasion and moisture, meaning they not only look great but they perform well too. With no need for additional edging or surface finishing, they are perfect for bespoke design projects.

Designed with a complementary core in white, grey, or black, this stunning collection provides a versatile solution with a modern appeal to stand up to everyday use. These compact worktops are functional, stain and heat-resistant, hygienic and easy to clean, with antibacterial properties, and highly water resistant too!

Textures

Glitter Matt (GM)

This elegant matt texture combines a soft, silky touch with the eyecatching and subtle sparkle of aluminium flecks.

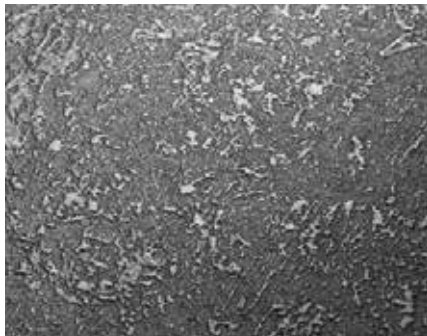

Super Matt (SU)

Combining a matt effect texture with smooth, high-grade optics for a resplendent appearance.

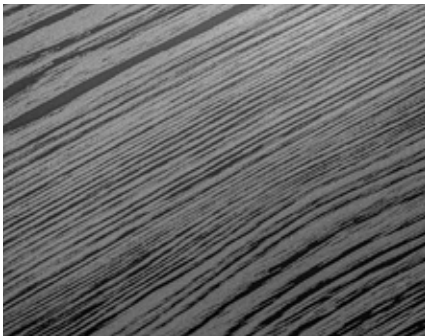

Rust (RT)

A stucco texture that echoes the distressed appearance of concrete and metal. It has a worn character that's fully on-trend with the urban look.

Rough Stone (RS)

Soft riven texture, perfectly accompanying our natural stone decors.

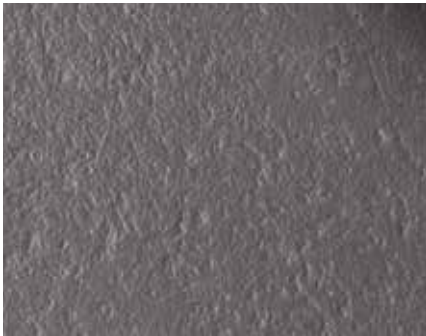

Rift Wood (RW)

Linear texture with matt and gloss areas giving the most diverse wood designs a very authentic feel and high-value appearance.

Bureau Structure (BS)

A pleasant mottled surface, that brings timeless style and durability to all environments.

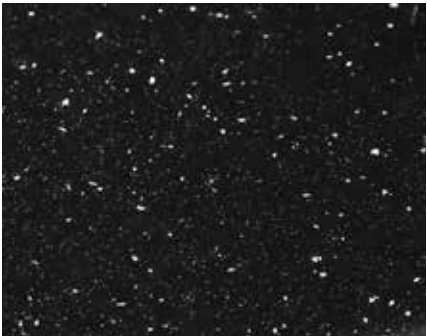

Palazzo Touch (PH)

Inspired by vintage marble and soapstone textures, this dual gloss surface replicates natural cracks and indentations with a burnished, waxy touch.

Slate (SL)

A deep slate texture that reflects the distinctive look and feel of weathered stone.

Glitter Gloss (GG)

This high gloss surface is enhanced with a fine amount of shiny real aluminium particles and sparkling glitter.

Super Quality Gloss (SQ)

A superior gloss surface specially developed for worktops to offer improved scratch resistance and durability.

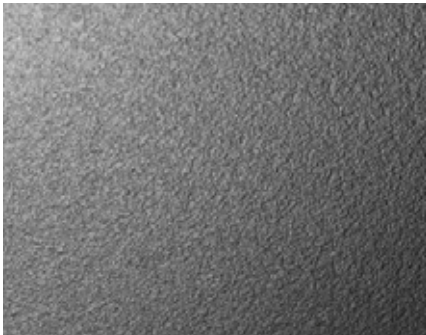

Pearl (PE)

A subtle, burnished surface detail.

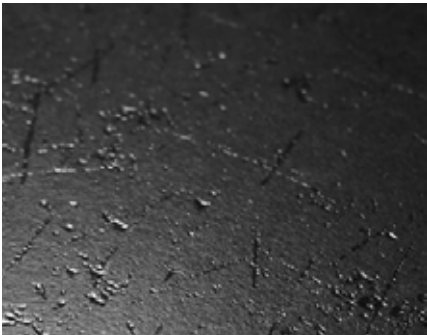

Pluton (PN)

A versatile, non-directional texture with a matt effect which enhances the look and feel of stone and marble decors.

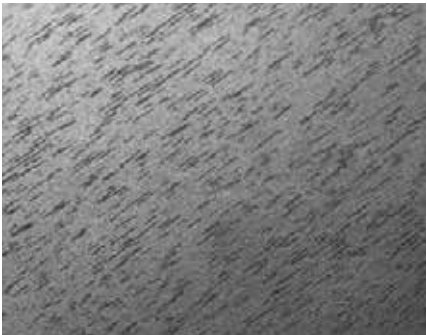

Patina (PA)

A subtle, semi-smooth glazed surface.

Used Effect (UE)

A burnished surface finish, that gives an extra degree of patina to stone and metal decors.

Fine Pore (FP)

An understated delicate wood pore effect that refines the decor.

Caring for you, your worktop and the environment

Ensuring renewable and sustainable resources.

We understand that in selecting your stylish new kitchen worktop, you also want to be sure you are making a sustainable choice. That's why Kronodesign® constantly strive to achieve the lowest possible environmental impact for all our products. We want to Make Wood Work by getting the highest possible yields from our input materials, ensure quality that lasts, and offer a circular solution for recycled wood. All this gives our customers peace of mind that they are selecting a stylish and sustainable worktop to complete their kitchen. We apply the cascade use of wood by first prioritising post-consumer recycled timber, then using sawmill residues and co-products to produce technically advanced, engineered products.

Only when timber is not suitable to be used as a raw material for our products is it used as a fuel for energy production on our site, offering a much more sustainable alternative to fossil fuels.

Sustainable forestry to lower environmental impact.

The wood-based products we make and supply are certified by the Forest Stewardship Council® (FSC® License code: FSC-C018728).

Made in the UK, using a minimum of 80% post-consumer recycled timber content, round edge and square edge worktops are FIRA Gold certified and inherently hygienic due to in-built antibacterial properties and are tested to ISO 22196:2011.

This gives the certified assurance that our products are made of recycled materials well-managed FSC® certified forests, and other controlled sources.

Care for your health

Finesse worktops are designed for your wellbeing. With proven and certified antibacterial properties, they provide more hygienic surfaces, helping create a safer and healthier environment.

Care for your worktop

Finesse worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic. Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided). Whilst your worktop is resistant to high temperatures, you should always put hot objects onto heat resistant mats or trivets. Our gloss finish will enhance and complement the effect of the decor, however it is advisory to take extra care with gloss finish worktops as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every worktop or discuss with your retailer.

Please visit our website finesseworktops.co.uk or scan the above QR Code for more details.

Samples

We are happy to supply a sample of any of the Finesse decors free of charge, please visit: finesseworktops.co.uk or scan the above QR code.

Guarantee

Each Finesse worktop is covered for a period of ten years after installation. The worktop(s) and published installation guidelines should be checked carefully before installation commences as we cannot accept claims for worktops with defects that should have been noticed before installation or for incorrectly installed worktops. Full Guarantee details can be found by scanning the QR code above or visit: finesseworktops.co.uk. 0012
